- Transport box even for long tools such as spirit levels
- Permanently dimensionally stable thanks to the fabric-lined plastic panels
- High resistance against cuts and stabs
- High protection for transported tools against damage and moisture
- Suitable for docking with the Wera 2go system

1 sturdy, robust tool box, with carrying handle, for storage and transport of long tools and spare parts. High resistance against cuts and stabs. With hook and loop fastener zones for docking to the Wera 2go system. The compact Wera 2go tool box can be filled with tools and spare parts and docked onto Wera 2go 2 (container). Thus the storage space is easily extended.

The high packer

Wera 2go 7 high tool box.

The sturdy, robust High Tool Box is especially convenient for storing and carrying long tools and spare parts.

High resistance against cuts and stabs

The robust and dimensionally stable material is very resistant against cuts and stabs. The tools carried are protected against damage and moisture. This enhances the service life of the tool box.

Perfect system supplement

Suitable for docking with the Wera 2go system.
