

### Overview

This Sper Scientific bench timer features an attractive stainless steel face with black plastic housing and a minimalist square design. Large 3/4" high digits and large control buttons make it easy to use in the lab, kitchen, classroom, or anywhere time needs to be tracked. Counts up to 100 minutes or counts down to an audible alarm.

The compact footprint fits neatly on any work surface, and the unit is suited for both laboratory and general-purpose applications.

Comes ready to use with one AAA battery and instructions.
