

PT platform scales offer durability and quality construction for a variety of different applications. The PT features a large steel base with a chequered plate surface and armoured cable. Optional ramps facilitate loading and unloading heavy objects. The platforms are available with or without indicators. Adam offers a range of indicators that pair with the platform, including the GK, GC and AE 402.

Quality construction with chequered-plate surface for ultimate durability and performance

Features

- Models shown with and without indicators for indicator spec refer to indicator pages
- Rugged construction stands up to industrial use
- Chequered plate surface for added grip
- Optional ramps facilitate loading and unloading
- Can be used with any Adam indicators
- Approximately five-meter/15-foot shielded cable

Applications

- Weighing
- Parts counting
- Checkweighing
- Dynamic / animal weighing

Compatible Indicators

AE 402 Indicator

GK Indicator

GC Indicator

About ADAM:

For more than 40 years, professionals worldwide have relied on Adam Equipment for an extensive selection of dependable and affordable weighing equipment. Adam provides the right balance of speed, performance and value.
